Having a blast with this old school choose your own adventure. Very interactive and a great story.. Legit one of the satisfying games I've ever played. Hunting for Grimores and Tomes to maximize your loot gains are extremely exciting. When you're in the middle of a huge horde and everyone is low health and somebody on comms is screaming "DROP THE F***ING GRIMS"...damn son. It just doesn't get much better than that. The combat is fast and brutal. If you get high enough level for heroic deeds, prepare your a**hole because this game is brutally hard on champion. You actually have to be good at the game to live through it. You can't just rely on being "hella geared" to make it through a champion mission.

The "rolling for loot" feature is an awesome homage to tabletop players everywhere. You can re-roll your enchantments on your weapons and gear to make your c.r.e.a.m. dreams come true, and it still won't be enough to secure that heroic deed - I guarantee it.

The ONLY thing that makes this game suck sometimes is the people who play it. Don't be a\u2665\u2665\u2665\u2665\u2665 and don't run off alone, please.. This game is awesome and it is not pay to win. All these guys saying it is but they are wrong its not.. Very Very nice engine, i have feeling it will be awesome in 2-3 years soon, keep it up m8. Uhhh I like it. Played for a while now and really got into the unique and nice atmosphere. For me, a game needs to deliver immersion through a great feeling, and Caravan definitely has that. If you like getting immersed into another world, and just play along with a steady flow, it's a game for you. For me, it's much like Windward and Sunless Sea - I like these kinda old school-ish games that deliver a certain relaxed feeling while challenging you more and more. I also like how they set up the many towns you can explore a little bit different each time, and the easy trading system that let's you play randomly and just enjoy the atmosphere. . Really? Are you kiddin me right now?

So here is the thing: Thief (2014) is not a good game but I thought: ehi, maybe the dlc isn't so bad. I mean, it's the Bank Heist from thief II basically. What could possibly go wr- It's terrible. It's just terrible.

First of all it's short. 4 pounds for 10 minutes of gameplay (if you really want to stretch it out though) isn't acceptable. The map is small, incredibly simple and the level itself is the easiest of the game! This is just retardation in dlc form, I don't know what to say. It should be a reference to the Bank Heist in Thief II but it just looks so much like a \u2665\u2665\u2665\u2665\u2665 knockoff It's almost hilarious. You don't even get a cut scene, a story of some sort. You get 2 collectibles (everyone's favourites), a dozen of documents that you wont read anyway and 2 maybe 3 new lines of dialogue?

Let's just say it: this dlc was just a lazy way to justify pre-orders. Stop pre-ordering games.. i tried to break the buildings, but ended up getting some mad puss because im a construstion worker. Bought this while it was on sale and it is the best \u00a33.49 I have spent, really having a lot of fun workingmy way through the puzzles (currently up to set 11), some are more challenging than others but it's a blast playing them and I am really glad I bought Aurora Boound Deluxe, can not recommend it highly enough.

Very dull and repetitive game, with very, very dull and repetitive achievements that take ages to complete. They aren't hard, just very long and drawn out!. Lots of customization. fun gameplay. great interactions between skills.

. The game is in Early Access.

And you can tell, it's a bit rough.

But the Dev is working on it daily.

You can see where he was inspired and you can see where he put a lot of love into it.

In time, this will be a fun game I'll put a lot of hours into.

It's going to take a lot of dedication, but he's shown it so far.

Keep it up (: This game is too buggy. When my 4 year old miss clicked the sprites a few times, they stopped responding to clicks altogether.. wanted to play coop with friend but didn't work in coop.. Just gave Infinite Space III a shot last night and wound up playing several hours. Even in its early release status, the game is fun, and the variations thrown by the RNG keep even the (somewhat small) range of encounters varied. I have enjoyed the heck out of it so far, and absolutely cannot wait to see what the devs do next.. you need to find out how to do anything, which includes learning how to open doors to get weapons, the servers are almost always empty, and the bots are really dumb.
